WHAT'S HAPPENING UNDER THE FRIDAY NIGHT LIGHTS?

Football season is off to an exciting start this fall, and there's already plenty to talk about.

Bishop Gorman started the season with a big opening win, while Las Vegas High has been turning heads with a hot 2-0 start and an explosive offense.

Coronado and Spring Valley also came out strong, showing they're teams to watch. While Arbor View and Liberty faced tough out-of-state matchups early on, those games are sharpening their skills for the battles ahead—don't count them out.

No matter which team you're cheering for, Friday nights under the lights are already setting up to be the highlight of the season.

THE BITTER TRUTH ABOUT VAPE FLAVORS

Vape flavors like blue raspberry and cotton candy aren't made for fun - they're designed to get you hooked fast. These flavors expose you to toxic chemicals that coat your lungs with the same junk found in cleaning products and car exhaust.

Companies use flavors because if they can make nicotine taste less gross, they think they can trap you before you even realize it. Don't fall for it.
